ALUMINIO NEL MOBILE

MOOD 15

Mood è una struttura per armadi con profilo tubolari 15x15

La flessibilità di accoppiamento del profilo permette la realizzazione di moduli di differenti dimensioni e configurazioni libere e personalizzate.

I ripiani a filo possono essere in vetro, in legno o qualsiasi altro materiale

Mood is an aluminium structure realized with a tube-shaped profile 15x15

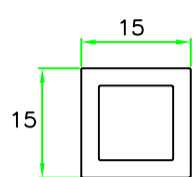

The flexibility of the profile matching allows the realisation of units with different sizes and, free and personalised configuration.

The shelves flush with the profile can be made of glass, wood or any other material.
